We pride ourselves on surpassing every expectation when it comes to gentleman's barbering. Our straight razor shaves consist of 25 steps orchestrated perfectly to ensure your relaxation, comfort and facial care. Haircuts include hot towels, shampoo & rinse, straight razor attention to the sideburns & neck, ear & nose trim, blow dry and style, finished with a vibrating neck & shoulder massage. Your privacy is never compromised with our secluded booths and separate coloring rooms. And you can rest easy knowing that all of our Master Barbers are accomplished artisans with many years of experience. So let us remove your shoes and shine them for you while the pampering begins.

We redefine world class skin care daily with the latest, most effective procedures and products on the market. Jonpaul's will keep you looking vibrant and fresh with our Signature facial and skin care treatments. Fight aging, sun damage, wrinkles and blemishes with our Microdermabrasion and glycolic peels. Enjoy soothing masks and moisturizers that help restore youthful elasticity and firmness.

Our highly skilled aesthetician will give you a professional consultation, creating custom tailored treatments and recommending the most effective products for your skin type. For all of your hair removal needs we also provide an array of services and techniques.

We know that feeling healthy and well is equally as important as having a sharp, polished look. That's why you'll find a full array of top notch spa, wellness, and skin care services designed to meet your every need.

Start with our natural nail grooming for a clean, buffed look, and a relaxing private room pedicure. Let us be an integral part of your personal stress management program with 30, 60, 90, and 120 minute full body massages in a variety of different modalities. Choose from Swedish, Deep Tissue or Hot Stone massage, all performed by our attentive, licensed, professional staff members.

Only the best product lines make it to our shelves. Soaps, balms, creams, oils, conditioners, and powders are all created from the choicest imported ingredients.

Browse through our fine collection of tonsorial products, toiletries, razors and shaving sets. It's hard to select the wrong thing when choosing from our showcase. Our shaving brushes are made from silver-tipped badger hair, while our razor handles are made from fine nickel, silver, ivory, wood, and acrylic. Each razor is weighted and balanced for a perfect shave.

Purchase any of our items singularly or assemble them as a package. Our wide selection covers the needs of every well groomed gentleman.

For those with a taste for fine leather goods and shaving instruments, Jonpaul's introduces it's private label collection. Ask any member of our staff to acquaint you with this year's fine selection. Choose from our overnight bags, folding hangable toiletry bags, or personal toiletry bags. Each is available in one of three colors; Black, Mocha, or Camel.

Any of our wonderful items make the perfect gift or gift set for a friend or special someone. If anyone on our team can ever assist you with suggestions, guidance, or assembly, don't hesitate to ask.

Inquire at the front desk about Jonpaul's gift cards, good on any product or service in our establishment.
